We will access and assess care services you wish to use to further the care of your relative or client, whether they be Care Agencies, or Care Home/ Centres. Which means we:

- Provide an unbiased report on the Institution or agency, covering topics like care practice and training.
- Visits to and liaison with agencies until the report on the shortlisted services is prepared
- Access and interpretation of Care commission reports on chosen services

***Freeing up both you and your clients time to get on with life & business.***
