We will look after the process of hiring, vetting and short listing private carers for appointment.

During this process we will

- Prepare a confidential report on shortlisted candidates identifying skills, strengths, and training needs.
- Assess the candidates knowledge base and skills through interview and paper assessment.
- Access and follow up given references and if necessary contact previous employers .
- Advise on and develop an ongoing training plan for the appointed candidate

Freeing up both you and your clients time to get on with life & business.
